

12/20/69

Dear Helen,

Very glad to hear from you. That was a long illness. Good ~~it~~
you are all better now.

We are okay, more weary, with our nerves beginning to react, but
we continue. Lil is now typing the end of an addition to my longest book.
There are now four in very limited, xerox editions and others in the works.

Thus, we have no time for cards, but we delight in getting them,
selfishly, for it is always good to hear from friends.

Try and take care of yourself.

Hope the coming year treats you better.

Best wishes,
